FEDERALLY FUNDED RESEARCH: GRANTS & CONTRACTS

FEDERAL
CONTRACTS

PROPOSAL DEVELOPMENT Geneva provides tailored support to include conducting targeted funding searches; managing proposal preparation; compiling all ancillary items and supporting documents; developing the grant budget; providing a technical review of the research plan and guidance on non-technical components; providing a final review of the full proposal; and submitting the proposal under Geneva's signatory authority. Upon award, Geneva facilitates contract negotiation and accepts the award on behalf of the researcher. [LEARN MORE HERE](#)

FEDERAL
GRANTS

PROGRAM MANAGEMENT Geneva manages federally funded and industry funded research programs worldwide. Geneva works with the research team to recruit and hire qualified personnel; administer individual study budgets; provide monthly financial reporting; ensure regulatory compliance; provide in-house travel and procurement services; submit required reports to sponsors; and initiate and monitor subcontracts.
